*Every Child/Every Promise is in strategic alliance with the Community Foundation of Greater Dubuque.*

**What we do:**

**Foster collaboration** among a network of nonprofits, businesses, government agencies, educators and ordinary citizens committed to keeping the Five Promises for all young people.

**Advocate** for more effective policies, practices and systems to ensure opportunities for every young person.

**Inspire giving** to immediate and long-term needs in the community to ensure success for all young people.

**Why:**

Every Child/Every Promise is dedicated to helping all young people succeed, including the children in our community currently being left behind. We believe all children are capable of learning and thriving, and we **promote collaboration among youth-serving organizations** and use data to drive progress and measure outcomes.

Far too many young people are growing up without the support they need to succeed in school and life. Every Child/Every Promise focuses its efforts on important milestones that can affect future success including kindergarten readiness, third grade reading and high school graduation. These milestones can be achieved by **supporting strong after-school and summer strategies**, and **increasing collaboration and data sharing among nonprofits, schools and funders**.

We frame our work with Five Promises to youth. By making and keeping each of these promises, we believe we can ensure that all young people will have the opportunity to succeed in school, a career and in our community.
